

# Ratify the New NAFTA

## Open Letter to MPs and Senators

Dear Parliamentarians,

Canada's economy depends on trade. Access to key markets in the United States and Mexico determines the success of many Canadian businesses and underpins thousands of local jobs.

The Canada-United States-Mexico Agreement (CUSMA) is a positive step for Canada and improves investor confidence by ensuring Canadian companies continue to enjoy rules-based, tariff-free access to two of the largest markets in the world.

Western Canadian businesses benefit from free trade. As CEOs of Canadian companies who depend on American and Mexican products, and access to markets in the U.S. and Mexico, we urge Members of Parliament and the Senate to support the timely ratification of Canada's new North American free trade agreement.

Let's get back to business.

Sincerely,
