BAYTEX ANNOUNCES PRICING OF OFFERING OF DEBENTURES

CALGARY, ALBERTA (July 10, 2012) – Baytex Energy Corp. ("Baytex") (TSX, NYSE: BTE) announced today the pricing of its previously announced offering of Series C senior unsecured debentures (the "Debentures"). The Debentures will be in an aggregate principal amount of \$300 million, bear interest at a rate of 6.625% per annum and mature on July 19, 2022.

The Debentures are being offered as a public offering in Canada by way of prospectus supplement to Baytex's \$500 million short form base shelf prospectus dated August 4, 2011 and as a private placement in the United States pursuant to Rule 144A of the United State Securities Act of 1933, as amended (the "U.S. Securities Act"). The Debentures are being offered through a syndicate of underwriters led by TD Securities Inc. and RBC Dominion Securities Inc. that also includes CIBC World Markets Inc., BMO Nesbitt Burns Inc., National Bank Financial Inc., Desjardins Securities Inc. and Scotia Capital Inc. The offering is subject to customary regulatory approvals and is expected to close on or about July 19, 2012.

The net proceeds from the sale of the Debentures will be used to initially repay indebtedness under Baytex's credit facilities, which will subsequently be drawn upon to fund the redemption of the 9.15% Series A senior unsecured debentures (\$150 million principal amount) due August 26, 2016 (which become eligible for redemption on August 26, 2012 at 104.575% of the principal amount) and for general corporate purposes. Baytex intends to call the 9.15% Series A senior unsecured debentures for redemption immediately following closing of the offering.

The terms of the offering will be described in a prospectus supplement to be filed with Canadian securities regulatory authorities. The short form base shelf prospectus is, and the prospectus supplement will be, accessible on SEDAR at www.sedar.com.

This press release shall not constitute an offer of securities for sale in the United States. The Debentures have not and will not be registered under the U.S. Securities Act of 1933 or any state securities laws and may not be offered or sold in the United States or to any U.S. person absent registration except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws.
