

BAYTEX REPORTS EARLY TENDER RESULTS OF TENDER OFFERS AND CONSENT SOLICITATIONS FOR SENIOR NOTES OF AURORA USA OIL & GAS, INC. AND EXTENSION OF EARLY TENDER DEADLINE

CALGARY, ALBERTA (May 6, 2014) – Baytex Energy Corp. (“Baytex”) (TSX, NYSE: BTE) reports the results of its previously announced cash tender offers (each an “Offer” and collectively, the “Offers”) and consent solicitations for the 9.875% Senior Notes due 2017 (the “9.875% Notes”) and the 7.50% Senior Notes due 2020 (the “7.50% Notes” and together with the 9.875% Notes, the “Notes”) of Aurora USA Oil & Gas, Inc. (the “Issuer”).

As of 5:00 P.M., Eastern Time, on May 5, 2014, Baytex received valid tenders and consents from holders of US\$355,800,000 in aggregate principal amount of 9.875% Notes, representing 97.48% of the outstanding aggregate principal amount of 9.875% Notes, and US\$293,600,000 in aggregate principal amount of 7.50% Notes, representing 97.87% of the outstanding aggregate principal amount of 7.50% Notes.

Baytex also announced it is extending the period during which holders who tender their Notes and deliver their consents will receive the early tender payment of US\$30.00 per US\$1,000 principal amount of Notes (the “Early Tender Payment”) to 5:00 P.M., Eastern Time on May 12, 2014 (the “Early Tender Deadline”).

Baytex expects to obtain the funds necessary to complete the Offers from one or more debt financing transactions, including potential debt securities offerings, or an increase in available credit under existing or new credit facilities (the “Financing”). The purpose of the Offers, in conjunction with the Financing, is to simplify Baytex’s debt capital structure following the completion of the acquisition of Aurora Oil & Gas Limited (“Aurora”) pursuant to a scheme of arrangement under Australian laws (the “Arrangement”). Subject to receipt of certain approvals, the Arrangement is expected to close in the first half of June, 2014.

The consents received from holders of each series exceed the amount needed to adopt the proposed amendments to each of the indentures governing the Notes (each an “Indenture” and collectively, the “Indentures”). Accordingly, the Issuer will execute a supplemental indenture for each series of the Notes (each a “Supplemental Indenture” and collectively, the “Supplemental Indentures”) effecting the proposed amendments with respect to the applicable series of Notes. Each Supplemental Indenture will become operative upon payment for the tendered Notes of the applicable series being accepted for purchase. Each Supplemental Indenture will eliminate substantially all of the restrictive covenants and certain events of default contained in the applicable Indenture.

The Offers remain open and are scheduled to expire at 5:00 P.M., Eastern Time, on June 10, 2014 (the “Expiration Time”). Holders who validly tender their Notes and deliver their consents by the Early Tender Deadline will receive the Total Consideration of US\$1,107.34 and US\$1,138.97 per US\$1,000 principal amount (which includes the Early Tender Payment) of 9.875% Notes and 7.50% Notes, respectively, if such Notes are accepted for purchase. Holders who validly tender their Notes and deliver their consents after the Early Tender Deadline but by the Expiration Time will receive the Offer Consideration of US\$1,077.34 and US\$1,108.97 per

US\$1,000 principal amount of 9.875% Notes and 7.50% Notes, respectively, if such Notes are accepted for purchase, and therefore will not receive the Early Tender Payment.

Withdrawal rights for the Offers and consent solicitations expired at 5:00 P.M., Eastern Time, on May 5, 2014. Accordingly, holders may not withdraw Notes or revoke consents previously or hereafter tendered and delivered except as contemplated in the Offer to Purchase and Consent Solicitation Statement or as required by law.

The Offers are subject to the satisfaction or waiver of certain conditions, including the consummation of the Arrangement, the completion of the Financing and general conditions. Each of the Offers is a separate offer and is not conditional on the other Offer. Holders may not tender their Notes without delivering consents or deliver consents without tendering Notes.

Holders must make their own decisions as to whether to tender Notes and deliver consents, and, if so, the principal amount of Notes to tender.
