

Health & Safety Advisor – Aim Transport Business Unit

Baytex is hiring an experienced Health and Safety Advisor to support our fluid hauling division (Aim Transport). We are looking for a candidate who is a strong leader with the ability to positively influence company culture. The successful candidate will have overall responsibility for providing advice, support and coordination of health and safety activities in the region.

Location:	Based out of our Lloydminster Transportation office
Core Coverage Area	Lloydminster & Peace River operational areas
Position:	Permanent / Full-time
Work Schedule:	5 and 2 (other schedules may be considered)
Reporting to:	Manager, Health & Safety
Position Available:	Full-time Employee or Contract option

Responsibilities:

- Responsible for managing the Health and Safety program for the Aim Transport business unit. The Aim Transport business unit is a key and expanding component of our business and provides fluid hauling support throughout our company.
- Key focus is to provide H&S support to all fluid hauling activities to help ensure company and contractor regulatory compliance.
- Assist in managing and continual improvement of elements of the corporate program.
- Facilitate contractor evaluations, job observations, and equipment inspections.
- Work with transportation team to develop and implement Safe Operating Procedures.
- Observe on-site activities and provide coaching/mentoring.
- Facilitate orientations and safety meetings.
- Determine transportation related HS training needs and monitor frequencies.
- On call for emergency situations in fluid transportation.
- Ability to travel between geographical locations (Alberta & Saskatchewan).
- Conduct incident investigations.
- Provides additional HS support to other areas when required.

Qualifications / Knowledge:

- CRSP or CTSP preferred.
- OH&S Certificate or equivalent.
- Minimum 5 years in a transportation focused health and safety role within the oil and gas industry.
- Thorough knowledge of incident investigation and root cause analysis.
- Ability to work occasional overtime and assume on-call responsibilities.
- Strong knowledge of Transportation safety regulations including NSC, TDG, B-620 & B-621
- Proficient in using Microsoft suite of products.

Key Attributes:

- Strong leadership abilities and positive solution-based attitude.
- Excellent interpersonal and organizational skills are essential.
- Exceptional team-building skills.
- Ability to take direction well.

If you are interested in applying for this position, please submit your resume clearly indicating the job title by Dec 31, 2024, to resumes@baytexenergy.com

Closing Date: Dec 31, 2024
